Opportunity Type: General
Entered By: Teresa Ceragioli
Description: The New York State Bridge Authority (NYSBA) is requesting proposals from qualified firms to design building renovations to the 1963 vintage maintenance building at the Newburgh-Beacon Bridge. NYSBA is interested in having plans and specifications developed to rehabilitate the building envelope system to include new windows, exterior shell and sloped roof. All SEQRA tasks and all necessary permit pre-applications are a part of the assignment.

The successful proposer shall propose a design scheme and demonstrate expertise in design and familiarity with building envelope systems, environmental protection, and civil and structural engineering to assure NYSBA that it can completely assess the condition of existing structure, develop and evaluate alternatives and implement the design of whatever alternative is chosen.

To request the complete RFP package, please contact Teresa Ceragioli, Assistant to the Chief Engineer, via email at tceragioli@nysba.ny.gov, and include your complete contact information.
