Description: The New York State Bridge Authority (NYSBA) invites qualified and experienced steel fabrication contractors to submit proposals for the manufacture, rough machining, testing and delivery of bridge steel pin forgings in accordance with the specifications and requirements outlined in the RFP. These forgings will support structural pin replacement projects at the Rip Van Winkle (RVWB) and Newburgh-Beacon (NBB) Bridges. The selected contractor will be responsible for producing high-quality stainless-steel forgings in full compliance with the Authority's technical specifications and scope requirements. This contract is limited to the furnishing, testing and delivery of materials; no installation or field work is included.

Interested contractors may obtain the complete Request for Proposal package by contacting Teresa Ceragioli, Assistant to the Chief Engineer, at tceragioli@nysba.ny.gov, and providing their Expression of Interest to include their complete company contact information.
