Category: • Architectural, Engineering & Surveying - Consulting & Other Services **(primary)**
• Architectural, Engineering & Surveying - Construction Professional Services

Ad type: General

Entered by: Teresa Ceragioli

Description: The New York State Bridge Authority (the "Authority") invites qualified firms of licensed professional engineers to submit proposals to serve as the Authority's General Consulting Engineer, providing engineering services as required under the Authority's Revenue Bond Resolution of 1996, plus additional miscellaneous engineering services, as needed. The term is no less than three (3) years, with an option to extend three (3) additional years.

The General Consulting Engineer will be responsible for the Authority's five (5) Hudson River crossings and Walkway Over the Hudson, including: annual

maintenance inspection of three (3) Authority bridges per year; illustrated inspection reports and annual bridge inventory/condition updates; five- and fifteen-year capital recommendations; annual replacement-value and Maintenance Reserve Fund estimates; trustee certification support; ongoing consultation with the Executive Director and the Chief Engineer; additional design services under \$500,000/year term contract; and small scaled construction inspection assignments.

Firms must demonstrate an extensive history of similar performance for bridges of comparable type and size, with particular familiarity with large suspension bridges and through-truss/under-deck-truss structures. Continuous involvement by experienced company principals is essential.

Proposers are strongly encouraged to reflect M/WBE and SDVOB commitment in their submissions.

All inquiries for the RFP package should be directed to Teresa Ceragioli, Assistant to the Chief Engineer, at tceragioli@nysba.ny.gov, including their "Expression of Interest" and complete company contact information.

Business enterprises awarded an identical or substantially similar procurement contract within the past five years:
